"A MAN FOR ALL SEASONS"

starring

Mr. Tom Carroll

*to whom we
dedicate this book*

The yearbook staff dedicates the 1981 Spartiate to Mr. Tom Carroll for his countless hours of service to both athletics and academics.

Change is an integral part of Damien and the greater world. Without it, both would cease to function. And yet, change is beneficial, only if the systems to be changed are built upon strong foundations. Tom Carroll's presence guarantees that Damien will survive any changes that the future may bring.

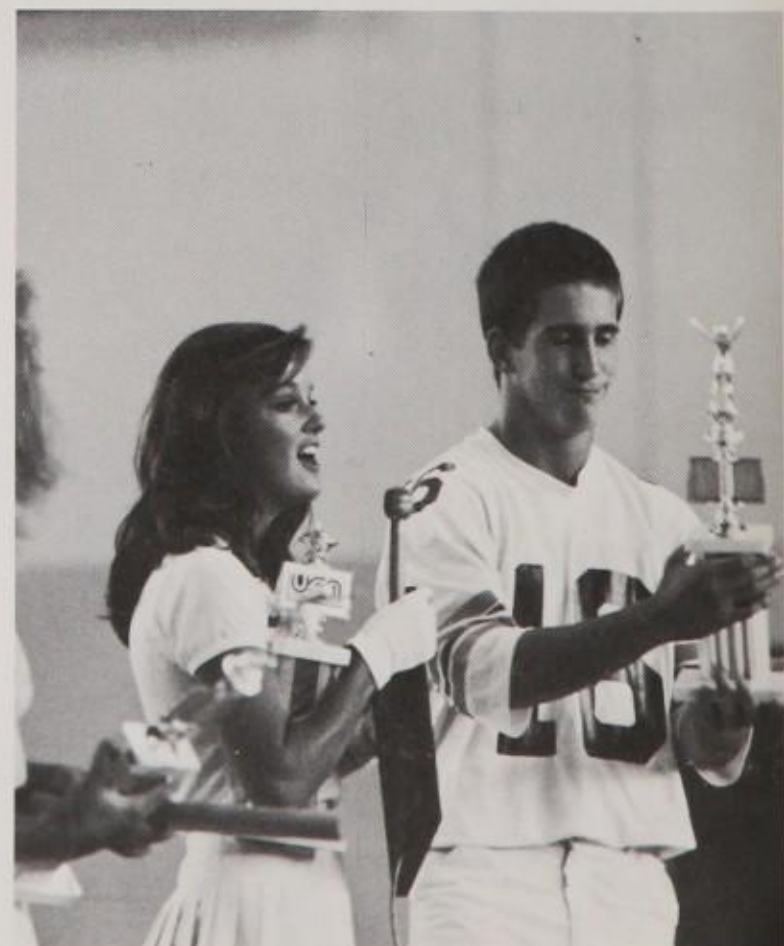

And so to you, we dedicate our efforts.

SENIOR CLASS OFFICERS OF 1981

All the World's A Stage . . .

As the members of the Class of '81 move on to take new roles in the drama of life, each takes with him memories of all the acts and scenes of four years at Damien: initiation into Damien in '77; cheering the football team to CIF Championship; typing; detentions; getting a driver's license; PSAT's; padlocking the gates at P.C.; Brother Lyons; detentions; the Prom; "The Frisbee on the Roof"; waiting forever for senior privileges; Chaucer; applying for college; detentions . . .

PRESIDENT Tony Condino
VICE-PRESIDENT Darin Gustafson
TREASURER Doug Korn
SECRETARY Fred Daunis

"Tell me who your friends are and I will tell you who you are."

"Everyone falls in life, but the key to success is getting back up again."

"The struggle for knowledge has a pleasure in it like that of wrestling with a fine woman."

Lork Halifax

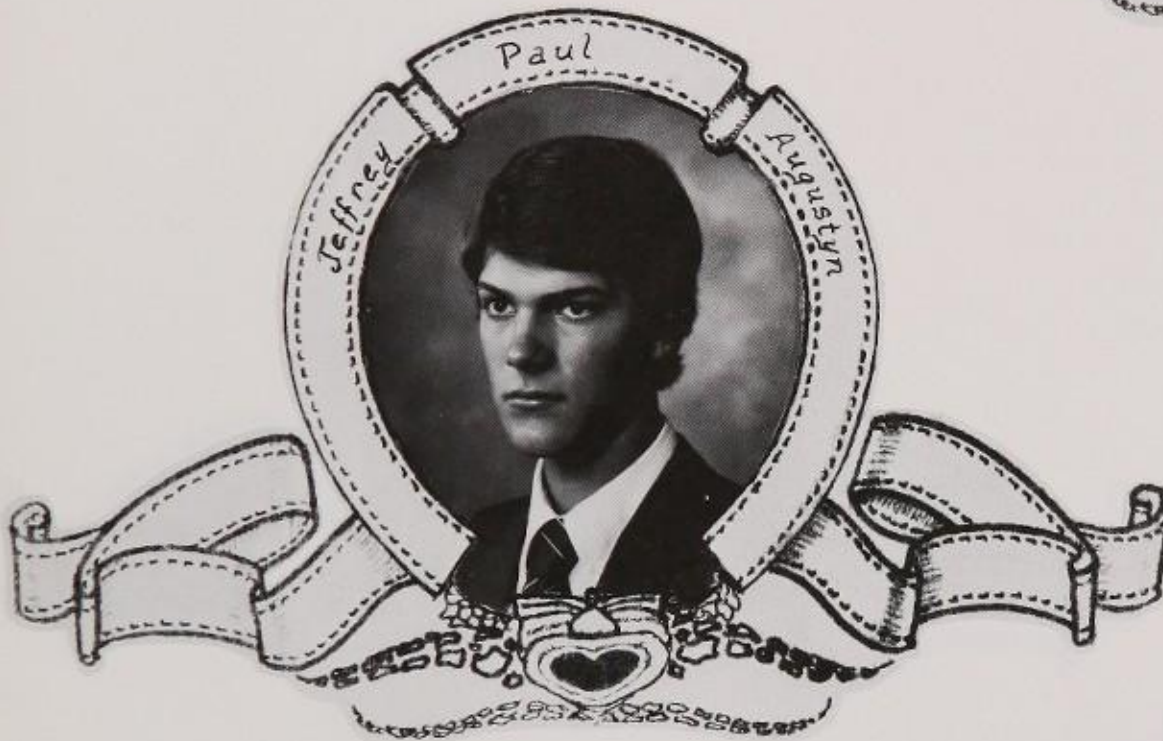

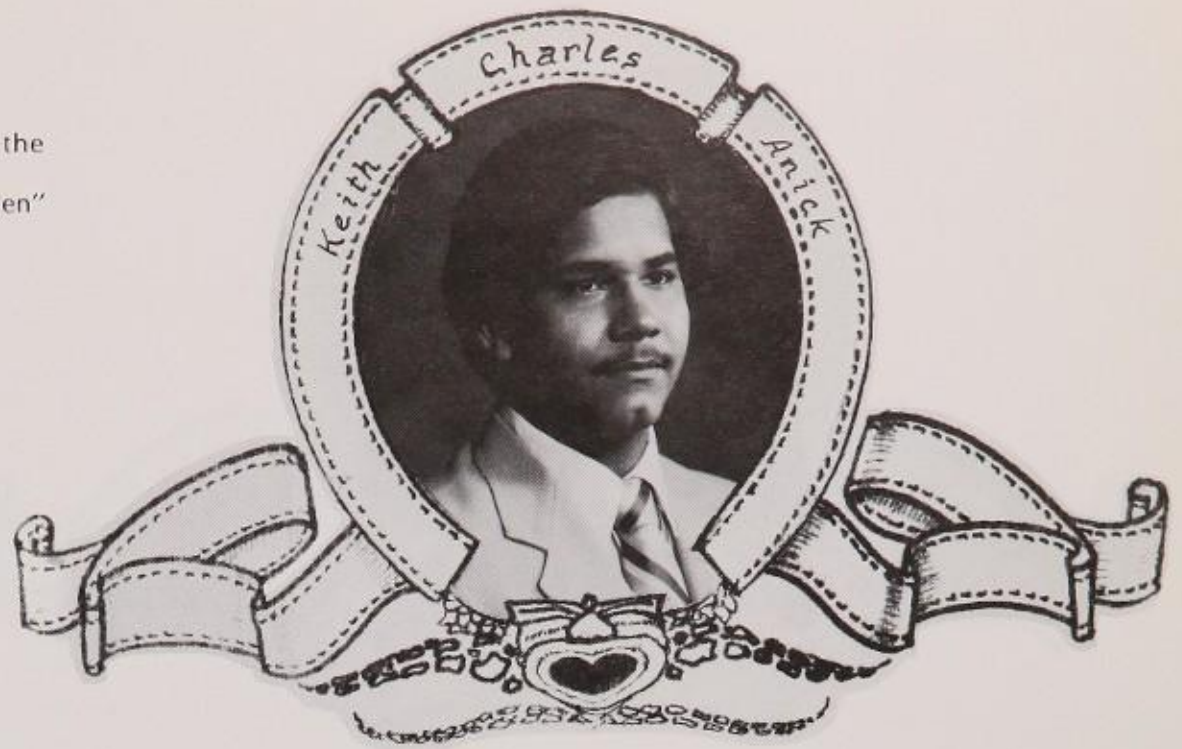

"I use to be mad at my school,
though I can't complain.
Teachers who taught me weren't cool,
though I can't complain.
They're holding me down, turning me round,
filling me up with their rules.
I've got to admit it's getting better,
a little better all the time."

The Beatles

"The only thing college prepares for young people is the knowledge of what it's like to be broke."

P.S. "Goodbye Damien"

"I've been livin', I had to take my time and change my style. Now I wonder; Is something going to make it all worthwhile."

"Pick-up drivers do it in the dirt."

"Give me the luxuries of life and I will willingly do without the necessities."
Frank Lloyd Wright

"Our Fathers who art in Damien,
How old be Thy School?
Thy kingdom come
When our track team won
Which didn't always happen.
Give us this year
Some really fine beer,
And lead us not into temptation
But deliver us to college."

"We chased out pleasures here
We dug out treasures there
But can't you still recall ...
The time we tried ...
To break on through to the other side."

Jim Morrison

"To seek the sacred river Alph,
To walk the caves of ice.
To break my fast on honey dew,
And drink the milk of paradise."

bra."

"The secret of life is enjoying the passage of time."
James Taylor

"Man is born, dies and is buried. He then becomes fertilizer and makes the grass grow. Along comes a horse, eats the grass and converts it into a by-product. The moral: Be careful what you step in, it may be Uncle George!"

"You don't have to know where you are going as long as you're on your way."

"And in the end, the love you take is equal to the love you make."
The Beatles

"Experience is the teacher; a hell of a way to learn. But still you've got to feed the fire and hope you don't get burned. Now don't fool yourself, you've got to pay the price. You've got to take some chances if you want to bring home the prize."

Will be gone . . .
I tip my hat to the new constitution
Make a vow for the new revolution
No one's free from the change all around
Pick up my guitar and play
Just like yesterday
Then I'll get on my knees and pray;
We don't get fooled again."

Life is much too short to waste, so always treat your women with taste. If you do they will love you forever, and always say 'Yes' whenever. After lifting weights during the summer, the 1980 Damien Spartans opened the season with a 21-14 loss to Pasadena. The following week, led by Dave Turney's 91 yards rushing, a flat Spartan squad defeated San Dimas 21-7. Damien's home opener, a 35-0 blitz of California saw quarterback Scott Larson complete 14 of 20 passes (3 for touchdowns) for 252 yards. He also ran one in TD of his own. In the league opener, Damien, led by Jumping Joe Fee's 123 yards rushing and Bryan Goodrich's 55 yard scamper on a fumble return, defeated Glendora 14-3. Don Lugo's offense was neutralized by the Spartan's swarming defense in Damien's 7-0 victory. Damien's Homecoming showdown with Claremont saw an outstanding defense "Eat Wolfmeat." The Big "D" held Claremont to a meager 6 offensive yards in the first half. The defense also set up the game's only touchdown as Mike Alexander caused a Claremont fumble and Bryan Goodrich recovered on the Wolfpup's 1 yard line. Against Ganesha, things were not so rosy. The Spartan's defense saw its string of consecutive quarters without a TD broken at 20 as the Giants scored in the second period to tie the score at 7-7. The Giants scored with 7:18 left in the final period to beat the Spartans 14-7 in what proved to be the game for the league championship. The next week, the Spartans defeated an inspired Upland team 30-10 on the strength of three third quarter touchdowns by Dave Turney. End and Safety Yogi Spence was lost for the season as he suffered a separated shoulder in the second period. Against Chaffey, Mark Bennett's 3 interceptions and Scott Larson's booming punts kept the Tigers at bay for most of the game. The Spartans prevailed 14-12 to assure themselves of a playoff berth. Damien played its worst game of the season against league doormat Alta Loma and consequently lost 16-14.

Damien opened the playoffs by crushing Rubidoux 20-0. Fine defensive play and gaping holes by the offensive line were keys to the victory. Against Arlington, turnovers kept the Spartans from blowing out the Lions. The turnovers came back to haunt them as Damien suffered a heartbreaking 22-14 loss.

The Spartans finished the season with an 8-4 record. Realistically, the Spartans knew they should have been 11-1 and in the semi-finals. However more important than any of the victories or losses was the team spirit the 1980 squad possessed. In unity and desire for excellence, this team will never be surpassed. 1980 Spartans, you deserve a hand!

Have you ever wondered what the teachers, administrators, and sundry personnel at Damien do when they are not telling you to be quiet, calling you to the office to pick up the lunch you forgot on the kitchen counter or cleaning up the horrible mess that you leave every noon in the lunch area? Well, dear friends, there

is more to life than staff meetings, planning lessons, or correcting papers. Little do you know that behind the placid exteriors of each Damien staff member lurks a celebrity, accustomed to living the fast life that we only read about in *People* magazine or *The National Enquirer*. It is even rumored that a certain faculty

member who shall remain nameless, was seen dining at Chasens with that idol of every barnyard bachelor, that matinee-madonna of *Muppet Movie* fame — Miss Piggy! And that's not the half of it! So dear readers, hold onto your Calvin Kleins, for this reporter regards it as his personal duty to treat you all to an intimate glimpse into the lives of Damien's staff.

Scoop! As far fetched as it sounds, this reporter has confirmed the fact that this little lady is none other than Bette Davis, reigning queen of the silver screen. Why the teacher disguise? Why the false story about a brother who is an international soccer star (can you imagine)? I would venture to guess that Bette is just gathering first-hand material for her next film, "Animal Class" starring Carol Carney's fifth period.

His voice tasted flat in his mouth; he felt a secret intoxication and a secret guilt, for he had contrived to give a grand air, as of an impossibly noble and complex experiment, to his failure when at bottom, he suspected, a certain simple laziness was the cause,

Take off the moustache and yes, it's unmistakable — Clark Gable did have a son after all! Life — so they say
Is but a game and they let it slip away
Love — like the Autumn sun
Should be dying but it's only just begun
Like the twilight in the road up ahead
They don't see just where we're goin'
And all the secrets in the universe
Whisper in our ears and all the years will come and go
And take us up, always up

We may never pass this way again
We may never pass this way again
We may never pass this way again

Dreams — so they say
Are for the fools and they let them drift away
Peace — like the silent dove
Should be flyin' but it's only just begun
Like Columbus in the olden days
We must gather all our courage
Sail our ship out on the open sea
Cast away our fears and all the years will come and go
And take us up — always up

We may never pass this way again
We may never pass this way again
We may never pass this way again

'Cause you make me feel like I'm more than a friend
Like I'm the journey and you're the journey's end
I may never pass this way again
That's why I want it with you baby

We may never pass this way again
We may never pass this way again
We may never pass this way again

You, who are on the road, must have a
code, that you can live by
And so, become yourself, because the
past, is just a goodbye

Don't you ever ask them why, if they told
you, you would cry
So just look at them and sigh — and know
they love you

Teach your children well, their father's
hell, will slowly go by
And feed, them on your dreams, the one
they picks, the one you'll know by

And you, of the tender years, can't know
the fears, that your elders grew by
And so, please help them with your youth
— they seek the truth,
before they can die

Teach, your parents well, their children's
hell will slowly go by
And feed, them on your dreams, the one
they picks, the one you'll know by

Sophomores will be sophomores!!!

How many roads must a man walk down
before you can call him a man?
Yes and how many seas must a white dove
sail, before she sleeps in the sand?
Yes and how many times must the cannon
balls fly, before they're forever banned?
The answer my friend is blowin' in the
wind,
The answer is blowin' in the wind.

How many times must a man look up,
before he sees the sky?
Yes and how many ears must one man
have before he can hear people cry?
Yes and how many deaths will it take 'till
he knows that too many people have
died?

The answer my friend is blowin' in the
wind,
The answer is blowin' in the wind.

How many years can a mountain exist
before it's washed to the sea?
Yes and how many years can some people
exist before they're allowed to be free?
Yes and how many times can a man turn
his head, pretending he just doesn't
see?

The answer my friend is blowin' in the
wind,
The answer is blowin' in the wind.

The long and winding
road that leads to your
door
Will never disappear. I've
seen that road before.
It always leads me here.
Lead me to your door.

The wild and windy night
that the rain lashed away
Has left her full of tears
crying all the day.
Why leave me standing
here? Let me know the
way.

Many times I've been
alone, and many times I've
cried.

Many ways you'll never
know the many ways I've

tried.
And still they lead me
back to the long, winding
road.
You've left me standing
here a long long time ago.
Don't leave me waiting
here. Lead me to your
door.

But still they lead me back
to the long winding road.
You left me standing here
a long long time ago.
Don't keep me waiting
here. Lead me to your
door.

Desperado, why don't you come to your senses?
You been out ridin' fences for so long now.
Oh, you're a hard one, I know that you got your reasons,
These things that are pleasin' you can hurt you somehow.

Don't you draw the Queen of Diamonds boy, she'll beat you if she's able
You know the Queen of Hearts is always your best bet.
Now it seems to me some fine things have been laid upon your table,
But you only want the ones that you can't get.

Desperado, oh, you ain't gettin' no younger,
Your pain and your hunger, they're drivin' you home.
And freedom, oh freedom, well that's just some people talkin',

Your prison is walkin' through this world all alone.

Don't your feet get cold in the wintertime?
The sky won't snow and the sun won't shine,
It's hard to tell the nighttime from the day.
You're losin' all you highs and lows,
Ain't it funny how the feelin' goes away?

Desperado, why don't you come to your senses?
Come down from your fences, open the gate.
It may be rainin', but there's a rainbow above you.
You better let somebody love you, let somebody love you,
You'd better let somebody love you before it's too late.

Desperado

Dennis Cafferty and co. during a much welcomed break.

In the day we sweat it out in the streets
of a runaway American dream
At night we ride through mansions of
glory in suicide machines
Sprung from cages out on Highway 9
Chrome wheeled, fuel injected
And steppin' out over the line
Baby this town rips the bones from your back
It's a death trap, it's a suicide rap
We gotta get out while we're young
'Cause tramps like us, baby we were born to run
Wendy, let me in. I wanna be your friend

I want to guard your dreams and visions
Just wrap your legs round these velvet rims
And strap your hands across my engines
Together we could break this trap
We'll run till we drop, baby we'll never go back
Will you walk with me out on the wire
'Cause baby I'm just a scared and lonely rider
But I gotta know how it feels
I want to know if your love is wild
Girl I want to know if love is real

Beyond the Palace hemi-powered drones
scream down the boulevard
The girls comb their hair in rear-view mirrors
And the boys try to look so hard
The amusement park rises bold and stark
Kids are huddled on the beach in a mist
I wanna die with you out on the streets tonight
In an everlasting kiss

The highways jammed with broken heroes
On a last chance power drive
Everybody's out on the run tonight
But there's no place left to hide
Together, Wendy, we can live with the sadness
I'll love you with all the madness in my soul
Someday girl, I don't know when,
we're gonna get to that place
Where we really want to go
And we'll walk in the sun
But till then tramps like us
Baby we were born to run

John Corrington, Master of the Cage.

all i need is what you've got
all i tell is what you're not
all you know is what you hear
i get this way when you come near
then i know it's gone too far
oh oh i touched your star
and it felt so right
like the hush of midnight
until you said
with me it's touch and go
all i need is you tonight
i'm flying like a cement kite
in your headlock on the floor
who could ever ask for more
all i want is you tonight
i guess that dress does fit you tight
and how that look does make me shake
it almost looks too good to fake

You can play the game and you can act out the part
 Though you know it wasn't written for you.
 But tell me how can you stand there with your broken
 heart

Ashamed of playing the fool.
 One thing can lead to another; it doesn't take any
 sacrifice.

Oh, father and mother, sister and brother,
 If it feels nice, don't think twice.

Just shower the people you love with love;
 Show them the way that you feel.
 Things are gonna work out fine, if you only will.
 Shower the people you love with love;
 Show them the way that you feel.
 Things are gonna be much better if you only will.

You can run but you cannot hide;
 This is widely known.
 And what you plan to do with your foolish pride

When you're all by yourself alone.
 Once you tell somebody the way that you feel
 You can feel it beginning to ease.
 I think it's true what they say about the squeaky
 wheel,
 Always getting the grease.

Better to shower the people you love with love;
 Show them the way that you feel.
 Things are gonna be just fine, if you only will.
 Shower the people you love with love; Show
 them the way you feel.
 Things are gonna be much better if you only will.
 They say in every life, they say the rain must fall.
 Just like a pouring rain, make it rain.
 Love is sunshine.

Thrash

When we grew up and went to school
There were certain teachers who would
Hurt the children anyway they could
By pouring their derision
Upon anything we did
And exposing every weakness,
However carefully hidden by the kids.
But in the town, it was well known
When they got home at night, their fat and
Psychopathic wives would thrash them
Within inches of their lives.

The Happiest Days of Our Lives

We don't need no education!
We don't need no thought control!
No dark sarcasm in the classroom!
Teachers, leave the kids alone!
Hey, teachers, leave us kids alone!
All in all, it's just another brick in the wall.
All in all, you're just another brick in the wall.

Richard Mertz, all smiles as usual.

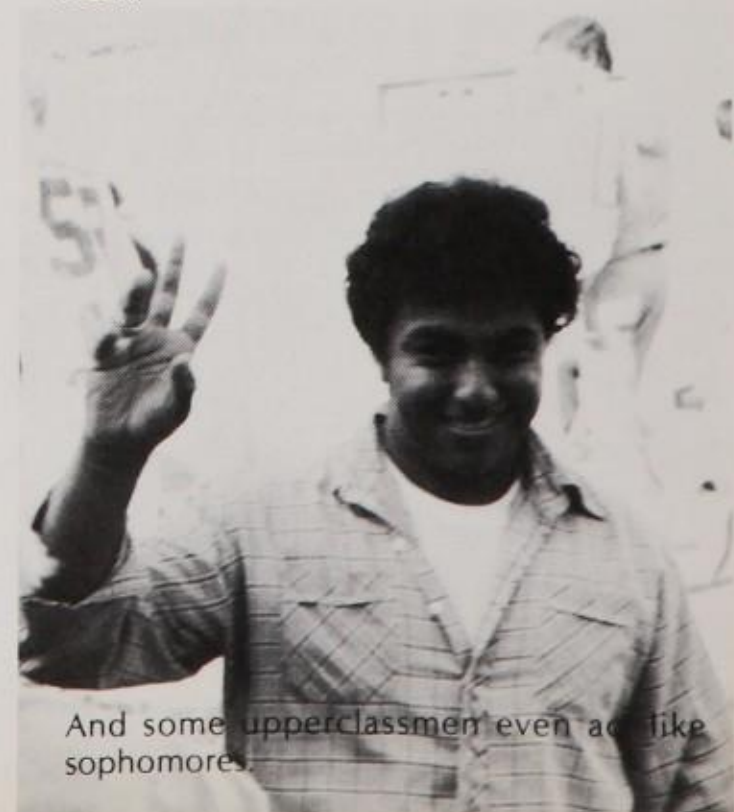

Russell Pina displaying his pride during spirit week.

I can see you in the morning when you go to school.
Don't forget your books; you know you've got to learn the golden rule.
The teacher tells you "Stop your play and get on with your work
And be like Johnny-too-good. Don't you know he never shirks?"
He's comin' along . . .

After school is over, you're playin' in the park.
Don't be out too late. Don't let it get too dark.
They tell you not to hang around; learn what life's about
And grow up just like them; won't let you work it out,
And you're full of doubt

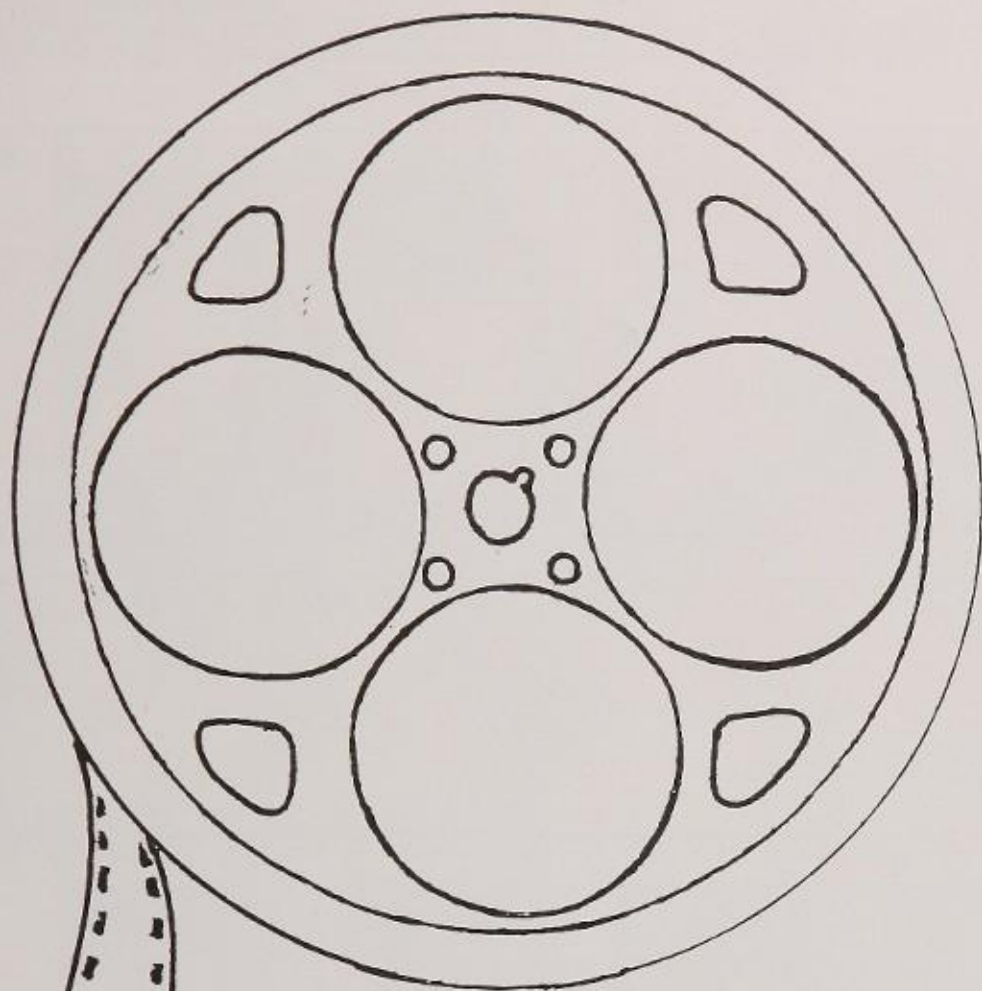

Don't do this, and don't do that!
What are they trying to do? Make a good boy of you!
Do they know where it's at?
Don't criticize . . . they're old and wise.
Do what they tell you to — don't want the devil to
Come and put out your eyes.

Maybe I'm mistaken, expecting you to fight,
Or maybe I'm just crazy; I don't know wrong from right.
But while I'm still livin', I've just got this to say:
"It's always up to you. If you wanna be that, wanna see that, wanna see
that way."
You're comin' along . . .

And some upperclassmen even act like sophomores.

all steaks ARE NOT CREATED equal.

Serving great steaks is no accident. And even if you've been eating at a lot of fine steakhouses, you may be in for a pleasant surprise at the Cask 'n Cleaver.

From our "blind taste test," to hand-picking our meats, to serving only Corn Belt beef, to careful aging, to cutting your steak to order, to searing and sealing in natural juices and flavor, to really warm service, no one does more to serve you a better steak and great things to go with it than the Cask 'n Cleaver.

The Army's giving guarantees.

If you're a high school senior or graduate, you can sign up now, under the Delayed Entry Program. Choose the skill training you want, and the Army guarantees your choice in writing. You then have up to 12 months to report for duty. You may also get a choice of duty station. See if you qualify.

Who are those guys? They are not extras from "American Graffiti." They are not Elizabeth Taylor's former husbands. They are not even football players early in the season. So who are those guys?

Once upon a time, these distinguished looking gentlemen wandered some of the same walkways and sat in some of the same classrooms that still serve hundreds of students and teachers twenty years later. Friday night parties, detentions, initiation, and exams, along with an occasional cheat sheet or two, were not unknown to them. And yes, despite what you may think about their hair, or lack of it, the opposite sex still found a few of them attractive enough to eventually want to marry them. One thing led to another and so, twenty years later, some of their sons have come back to haunt the same hallowed halls that are all a part of the one, the only, the incomparable . . . Damien High School. Happy 20th gentlemen!

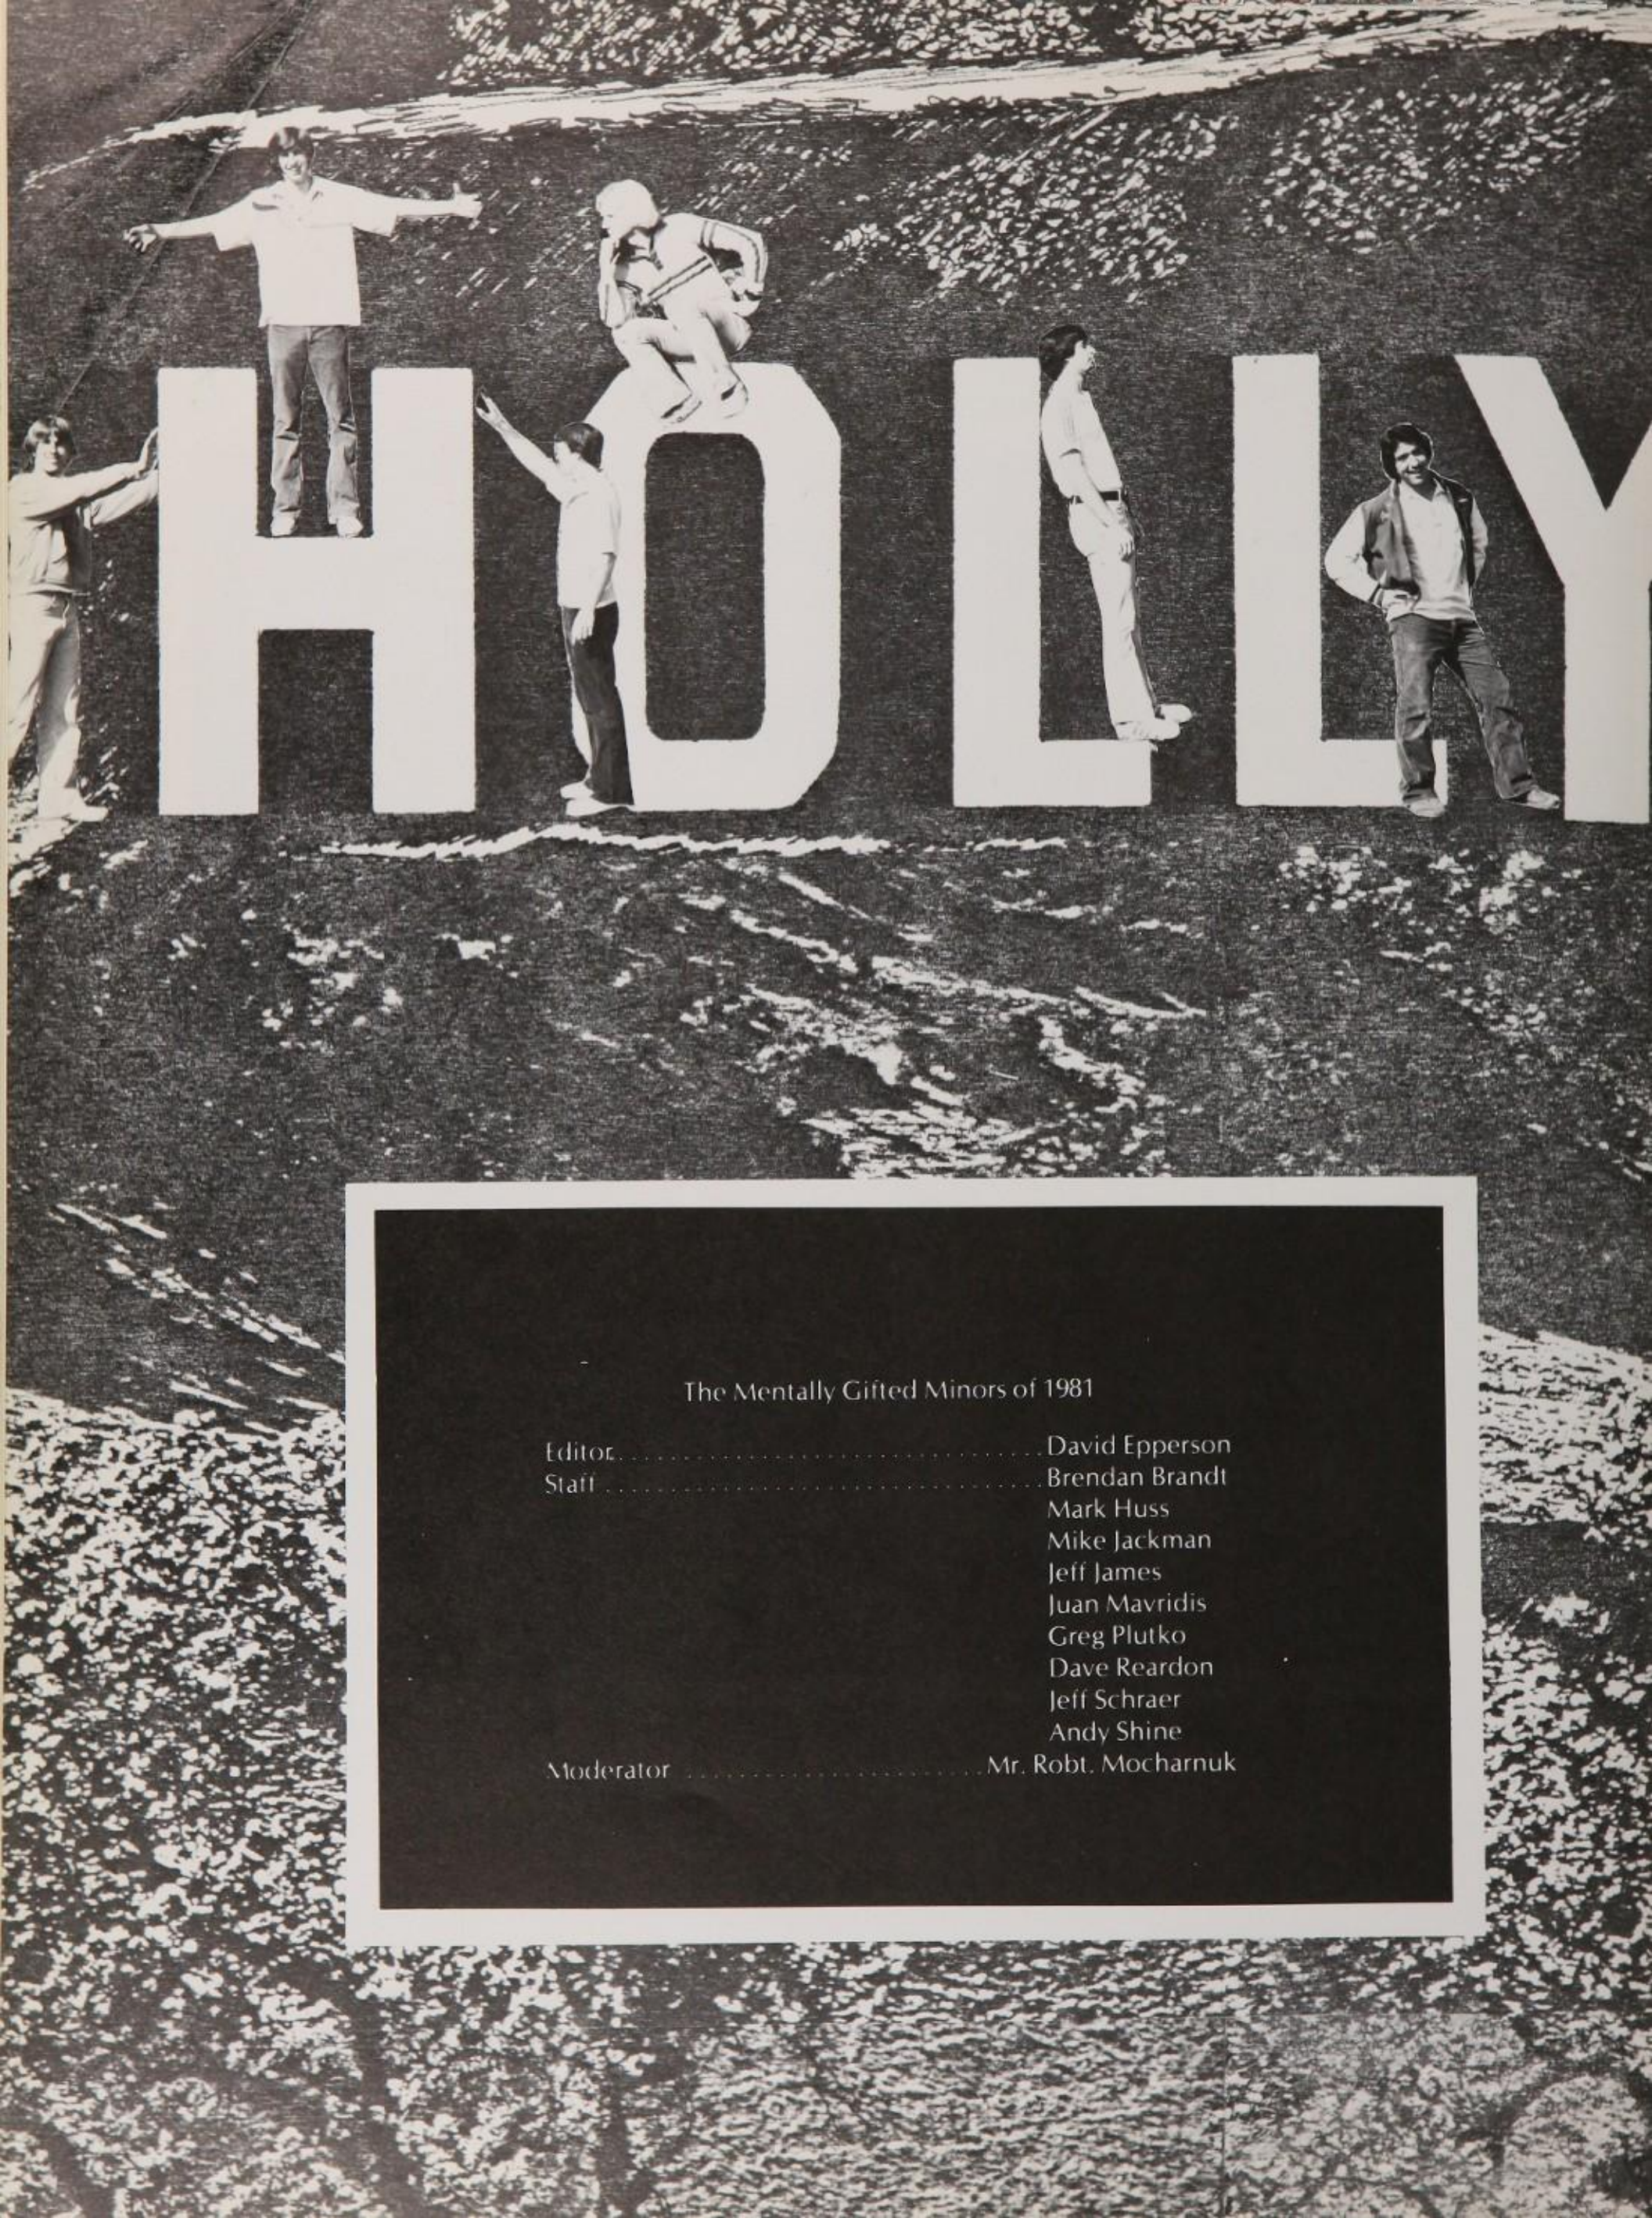

And while we're at it, here's to Damien's 2nd generation . . .

The Damien LACONIAN

"Overseeing the production of the Damien 'Laconian' this past year has been an extremely interesting experience for me. It has disappointed me, and thrilled me, all at the same time. But most of all, it has rewarded me with the knowledge that I will forever be associated with it, in which I can confidently state that the various issues produced throughout the year clearly displayed, for the most part, an excellent example of responsible and creative journalism. Thank you, Mrs. Carney.

The year is over. The doors are closed for the summer. Lockers are cleaned out; classrooms are repainted. It's summer vacation at the Big "D." 1980-1981. Another year, another yearbook. For the Freshmen it was a period of adjustment, familiarity for the Sophomores, anticipation for the Juniors, and the Quad for the Seniors. It was a year of challenges, of surprises, of difficulties encountered and hopefully conquered. A year of fun, of games, of work, and yes, detentions. A year of complexities and simpleness. The year is over. Many memories have been made. Many friendships have been shared. And yet there's so few days left to say goodbye, to everything, for all, forever.

It is not even the beginning

As the Editor of the **1981 Spartiate** I feel that it is my job to explain to all, the feelings of this year's staff, and the pleasures and hardships of putting together this book. The many hassles that we had, the deadlines nearly missed and our advisor always — well, you know! I can't say it was all easy or fun, but it was a challenge, and I just hope that the effort put forth by the "Mentally Gifted Minors" will merit mention in your wills.

We, (The Yearbook Staff), tried very hard to make this year's book different from all others. In doing so, we completed a work which contains a little bit of each of us. It is the effort of only 11 different people, but by putting our best individual talents into this book, we feel we were successful in giving Damien a fine yearbook.

Thanks again to all who helped the staff and me, especially the teachers, who let us out of class to work on this beast. Thank you, Mr. Mocharnuk, for helping us as much as you did and for letting us do things our own way! It was really appreciated. I hope everyone enjoyed this yearbook and will cherish it forever. Goodbye Damien, it's been electric!!!

David Epperson
